Ken Johns brought out materials from his office of work done  
by their gov't reseracher Marcia McGovern.

I & C has supplied \$1000.00 to the area for extended research.  
The report done by gov't researcher shows that their is no legal  
claim that she can find in the gov't documents to entitle  
us a court settlement.

Ken Johns stated that possibly a political or social  
can be made.

Ken Johns would like the information and background of our  
study to be handed in to him by July 31 so as to make his re\_  
commendation to cabinet.

Ken Johns agreed to hire Joyce on his staff for 5 days to  
do researc- in addition to the \$1000.00
